

ACM Family,

I hope everyone is enjoying the much-needed sunlight.

Congratulations, OTA

Congratulations to the [Occupational Therapy Assistant](#) program for receiving accreditation from the Accreditation Council for Occupational Therapy Education. A special thanks to Alex Grimm and Emily Rhodes for their work through the accreditation reporting and site visit process.

Save The Date for Tour and Explore Day!

ACM will host its Tour and Explore Day (formerly Open House) on Wednesday, July 8th, starting at 9:00am. For any questions, please reach out to Gracie McLeod.

ACM Engage

As a reminder, applications for ACM Engage are currently being accepted! This is a new professional development opportunity starting in September, which is designed to strengthen your understanding of institutional operations across the College. ACM Engage is an interactive monthly event for those looking to develop leadership skills, build connections across campus, and gain a greater understanding of how ACM operates. I encourage eligible employees who are interested to email hr@allegany.edu for more information. Applications will be due by August 10, 2026. I am looking forward to working with the first cohort as we strengthen ACM's impact on our students and our community!

Registration and Enrollment:

Registration for summer 2026 and fall 2026 is open. Please continue to help spread the word and support our enrollment process.

<https://www.allegany.edu/registration/index.html>

Here's the challenge:

 **Share or reshare** an ACM enrollment-related post on your social media platform of choice.

 **Add a brief personal note** about ACM's quality, value, or impact, from your perspective.

 **Let me know** if you accept this challenge (it can be done any time over the next month)

On A Personal Note:

Although we were not related by blood, Bobbie White was family in every way that truly counts. From my earliest memories, she was a constant presence, showing up for celebrations, school events, games, concerts, and holidays. I still smile thinking about her sitting in an elementary school auditorium, proudly listening as the traditional elementary school rendition of "Hot Cross Buns" was played again and again. That same warmth carried on as my own children grew, giving them the gift of their own special memories with her. She left a lasting imprint on our hearts and will be deeply missed and always remembered. Bobbie also taught mathematics at ACC (ACM) in the 70s and 80s. <https://www.durstfuneralhome.com/obituaries/roberta-white>

With ACM Pride,
David
