MBB - Breast Cancer Awareness

This year the men's basketball team continued their mission to stand up to cancer and use Breast Cancer Awareness as a platform for our student-athletes to do more than just represent our college. It is an opportunity for them to help others battling cancer, which goes well beyond the scope of sport. The search for a cure is a fight we must all partake in. We have chosen to take a stand against cancer by supporting Breast Cancer Awareness Month to raise money and awareness. During the past two years we have participated in the Making Strides Against Breast Cancer Walk, sold Real Men Wear Pink T-Shirts and Bracelets, donated the proceeds from all fall home basketball games, and other activities to be involved.

ACM College and Community Tennis Courts

A grant from the State of Maryland as well as support from Allegany College of Maryland and the Allegany College of Maryland Foundation supported the renovation of the tennis courts. The complex features seven regulation courts, a pickleball court, newly installed lights, and fencing. A ribbon cutting was held on October 5, 2018, and the courts are open to the community.
