

Dear [STUDENT NAME],

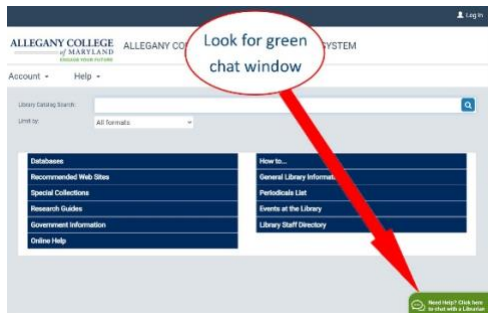

We know it's a hard turn from mid-terms to final exams. The best advice I can offer is for you to **STAY UP** emotionally *and* academically. Be aware of how you're doing in all parts of your life and ask for support if you're struggling in class or out. We're a campus of problem solvers who are here for you.

One problem we can't solve is the weather. With colder temperatures upon us, please **SIGN UP** now for [eSAFE](#) to receive text alerts about weather delays or closings.

In a second SIGN UP request, stay on track with *your goals* when you **SIGN UP** on Nov. 7 for your spring semester courses. Talk with an [advising and transfer specialist](#) or your program advisor if you have questions about your program's roadmap or transfer plan.

It wouldn't be Halloween during a mid-term election year without a costume party geared to get you to the polls. **DRESS UP** for our Halloween Costume Boo Bash from 11 am to 1 pm on Oct. 31 in the College Center Lounge. With the theme of "Don't Boo, Vote," the Bash features a costume contest with great prizes, patriotic props for selfies, games, music, food, and candy. So much candy.

Then be sure to **SHOW UP** to vote early or on Election Day to exercise your right to vote. (You can also vote by absentee ballot or mail-in voting if [your state](#) allows it.) *Your vote = your voice.*

Speaking of showing up, [our library chat](#) feature allows our staff to virtually be there for you, whether you're taking an online class, need assistance with library resources, or working on an assignment. Because it's a direct chat (and not a chatbot), you can access real help from knowledgeable staff during [regular library hours](#).

Wishing you continued success,

Dr. Cynthia Bambara

ACM President
