

## EMPLOYMENT DEFINITIONS

The College has established employment classifications in accordance with applicable federal and state regulations, in addition to defining roles and responsibilities of employees. All College positions must be authorized by the President and supported by budgets approved by the Board of Trustees and/or from external grants or funding. No position may be posted or filled without an approved budget and/or appropriate authorization.

### I. FLSA Exemption Status

Each position at the College is designated as either non-exempt or exempt from the provisions of federal and state wage and hour laws. Job titles do not determine exempt status. In order for an exemption to apply, an employee's specific job duties and salary must meet all the requirements of the U.S. Department of Labor's Regulations.

#### A. Non-exempt Positions

These positions are subject to the minimum wage and overtime pay provisions of the Fair Labor Standards Act. Non-exempt positions typically include associate support staff. Non-exempt employees may receive either overtime pay or compensatory time at a rate of one and one-half (1.5) times their regular rate of pay for all hours worked over forty (40) hours in a week (Sunday through Saturday), in accordance with applicable wage and hour laws. Employees who are non-exempt are paid at their regular rate of pay for any hours worked greater than thirty-five (35) and up to forty (40) hours in a week (Sunday through Saturday).

#### B. Exempt Positions

An exempt employee is one who is exempt from the provisions of the Fair Labor Standards Act. These usually include executive, administrative, professional support staff/technical, faculty, part-time faculty, continuing education and workforce development instructors, coaches and others whose job duties and responsibilities allow them to be exempt from the overtime provisions defined by the FLSA, and any applicable state laws.

Employees should direct any questions regarding their employment classification or exemption status to the Human Resources Office.

### II. Employment of Minors

Depending on local and/or state laws, minors (persons under 18 years of age) may be subject to occupational and working hour restrictions. The Human Resources Office ensures compliance with these laws, such as obtaining work permits and working with supervisors on hour restrictions.
