

Dear [Student's Name],

YOU'RE DOING GREAT, TROJAN

We're proud of you – on your best days and even your not-so-best days. Attending college isn't always easy, but we believe in you and your abilities. **We're here to help you finish strong and healthy this semester.**

If you need to reset academically or emotionally, reach out to a trusted instructor or staff member for guidance. Please continue to [report COVID-19 symptoms and exposures](#) – this is especially important as the holiday season is well underway.

KEEP GOING

You've put a lot on the line to pursue your dreams, so [let's work together](#) to get you closer to earning your degree or certificate. Get the schedule of in-person and online [classes](#) that best fits your needs by [registering now](#) for the spring semester. Virtual and in-person [advising and transfer advising](#) appointments are available.

REMOVE OBSTACLES

Make your investment in yourself more affordable when you apply for grants and scholarships that, unlike [student loans](#), aren't repaid.

- **COVID-19 relief funds are available for the spring semester.** Many ACM students are eligible to receive these grants. [Review the HEERF application and apply today](#) for a maximum of \$1,000.
- **Repeat after me: Scholarships are your friend.** The majority of our students are eligible to receive some type of scholarship assistance.
 - Apply today for next fall using the [2022-23 scholarship application](#).
 - Many of our scholarships offer a wide GPA range as part of their criteria because our [foundation](#) supporters know that your best days lie ahead.
 - If you need help telling your story as part of your application, visit the [RAWC](#) for assistance.

Do you have questions or need help but don't know where to start?

Stop by our Thomas Welcome Center for direction or contact them at 301-784-5005 or info@allegany.edu. You can also [chat](#) online with them during our business hours.

Best wishes for continued success this year and the next.

Stay safe and be well,
Dr. Cynthia Bambara
ACM President
